(MEA Engineering college)

Summery

ASP.NET Full Stack Developer in Training with hands-on knowledge of C#, SQL, and ASP.NET. Actively learning full-stack web development with a focus on dynamic, data-driven applications. Strong foundation in backend development and cloud technologies. Completed a 6-month DevOps internship, gaining experience in cloud environments, problem-solving, and teamwork. Eager to apply technical skills to impactful projects.

Internship

Intern - ASP.NET Luminar Technolab
(October 2024-Present)

Project

E-Commerce Cafe Website

An online platform for a cafe to manage orders and showcase products.

- Built a dynamic website using ASP.NET Web Forms with a user-friendly interface.
- Designed a database in SQL to manage products, orders, and customers.
- Created a responsive front end using HTML, CSS, Bootstrap.
- Used WCF for secure manual payment processing.

Intern - DevOps & Cloud Technologies

IPSR Solutions, Calicut (August 2023-March 2024)

A hands-on program in system and cloud administration facilitated by IPSR's Tech Support division, where I gained skills in:

- AWS Cloud Computing with application scaling and monitoring.
- Linux administration, automation, and troubleshooting. Shell scripting, Git, Ansible, and Docker experience.

Education

- **B. TECH Electronics and communication (2019-23)**
MEA Engineering College,Kerala
